## Life is a challenge

You know what is the best source of inspiration? It is the "Life" itself.

It finds its way to grow up even in the most unproductive place like ROCKS.

### What is life?

It's all about meeting the impossibilities. Knowing the unknown side of us.

The one which has been hidden inside us since we are born and the strangest part of it is that we ourselves do not know that where this other one inside us lies..... It's strange very strange.

Each and every one of us has the capability of making the difference and it's never late for the things to get started. The only thing required is to have faith on yourself. Often we do disbelieve ourselves or the other time we do not believe us at all.

### But why?

Who gave us the right to run ourselves? Nobody but we only have given this permission, we only let ourselves down. Why can't we think constructive from our side?

It's not that we do not want but we are afraid to do so.

Yes afraid of falling, afraid that people may criticize, they won't believe me etc.

Ok, then let people laugh, let them criticize but there will be one person who will be happy for you that at least you tried, no matter even if you fall, as it is the first step of learning to walk.

**Life is short, Remember,**

**Focus on what matters**

**And let go to what doesn't.**

— Apar Goyal, BCA Part I

*"If you tell the truth, you don't have to remember anything."*

## The Beginning of GREY Matter

It all started with a thought that why don't we (Students) do something different where we take the responsibility of doing activities on our own without any teacher asking us for it.

One day during the summer of 2013, Vishvendar presented this idea to Prachi of forming a club for the Aryan Student Community as there were no clubs as such till then in our college. Thanks to the co-founder Prachi who gave him an affirmative response resulting in the formation of this club which was given its official name on 21<sup>st</sup> July as "Grey Matter".

The initial idea was to print a magazine 'Proton' and organize events, but only the idea of events organizing gained momentum and it rose so high that the club is now famous for its completely new kind of events that were never been held or organized in Aryan till now. Friendship day games, Story-Telling, The Audiophiles, Digital Posters, Family Finder, J.A.M are to name a few.

The first series of events of club were on friendship day 4<sup>th</sup> Aug'13, but the club gained its huge popularity for its one week long 'Aryan Culture Fest' (ACF-2013) held in the month of November. By the end of this fest, "Grey Matter" became a brand in the eyes of every member of Aryan Family. We are hopeful to organize such events many times in the coming years.

Thanks to Sir Amar for giving us the opportunity to do so and enriching us with his guidance from time-to-time.

Today Grey Matter proudly enjoys a count of 30+members along with Sir Jeet & Ma'am Renuka on its advisory bench.

Finally big thanks to my friends Vishvendar (Founder) and Prachi (co-founder) for inviting me to be an important part of this astounding club.

**Lalit P. Sharma, MCA-4 (Head- Events Handling)**

## INDUSTRIAL VISITS

## AAGAAZ FRESHERS' DAY

## Your Decisions Determine Your Destiny

### Scene 1:

There's a man being dragged by the cops to the judge's hearing. The convict is a filthy man, drunken red shot eyes & yes, very very murderous look about him. On being asked about his crimes he admits to having done each of them.

But then there is a stream of tears... he pleas... “I was born on the streets to a drunken father & a mother who didn't care to feed me... I was brought up on my own. I did not have a way out but to go deep into crime. It's the fault of my destiny.”

### Scene 2:

Again there's a man.... But here he's being honoured... on his doctoral works. A man who climbed the steep wall with his will and determination. In his speech, the winner of the award says “I have been self-taught, self-brought up and worked my way up by scholarships & small jobs to get me through to this point. I should like to call it my destiny – that I was born into the streets & swore to emerge out of the criminal surroundings & inhumane suffering that no man deserves. This is where destiny got me working hard.”

Need we bring to light the fact that the two stories are of two siblings (brothers is this case) born to the same set of parents.

**Glass half Empty – Half Full – cliché.... Sure but true!!**

– Rishi Saxena, Faculty

## FEAR

It's an unwanted emotion of my mind. It comes when I don't even need it. Occupies my head, and never wants to leave it. It deepens beyond the risks, I want to take. It looks like failure, when I am about to make it. It comes as uncertainty, when I plot the graph of future. It enters the scene and it begins to shatter, childhood goes in the fear of teachers, in fear of insult goes the teenage, fear of career showers in youth. Then the age of pride have fear of losing it, with life walks the fear, some people pass it with hope and remaining with tears.

–Archit Goyal, BCA Part-III

## How my Life Changed at Aryan?

The most amazing and memorable moments of anyone's life are the college days. At this stage we never take any kind of pressure. The entire environment is in our favour.

So I would like to tell you how my life changed in Aryan college. When I got admission in Aryan, it was just like a dream come true. When I entered in the college campus I thought that how I would make friends and how my teachers are because everyone was stranger to me. But after first day I never felt that I was at an unknown place. In Aryan College everybody is friendly in nature.

My first year was a stage of discovery. I learnt many things that I never heard earlier. I can't tell about my teachers, I really don't have words. They are very friendly to the students. They always helped me a lot.

Before Aryan I would never knew about my goals. But in Aryan College every teacher mostly Amar Sir tries to tell the students that set your goals.

When Amar sir discussed article in our class about how we can set our goals and what is the importance of goals in our life. Since that day my life is totally changed and that day onwards I set my goal. And from that day everything motivates me. The line written in the library that “Readers are Leaders” motivates me, the articles of “Amar sir” motivates me, the book “You can win” motivates me, and the unbeatable memory of “Trivender sir” motivates me.

At this stage I found a leader in myself. It is the starting of change in my life and I know that I will become successful in my life because I have a goal.

Really Aryan changed my life.

– Dalpat Singh Rathore, BSc IT Part II

*"Most of the successful people I've known are the ones who do more listening than talking."*

## My Visit to Apna Ghar

SHOCKED!!! When I entered into the gates of ashram one guy(child) was wanting to go out so that he could move to his family, but a sevachari from the same ashram was pulling him lovingly inside again without leaving his hands.

A lady was there to guide us for the ashram and for telling us the heart breaking stories of inmates.

Ground floor was comprising of old age women who were mentally retarded and were flung out of their homes. And first floor was of male inmates comprising some of children who were brainless, feeble, and mentally challenged from birth and men with various diseases.

Interacting them was another good opportunity because in some or in another way we made them happy. When we all entered they gave us an over whelming welcome. They were delighted as we paid attention to them. We all must be affectionate to these kind of people who are devoid of joy & love.

We were asked to interact from those inmates who came in apna ghar in a very tragic condition. The Lady who was guiding us told about one of the man's leg that took out 2 ½ mugs of worms & insects. This was incredulous statement for me and others in my group.

I and my 3-4 friends talked and tried to listen one of the inmates. We were told by guide about her that she has 3

sons but none of her sons wants to take her home back and even don't care if she died. We enquired various questions from her but she was belonging to the Hyderabad family so her language was not clear and was difficult to understand by us but we were able to grasp few lines when we repeatedly asked that “was she happy here?” She repeatedly gave answer for the same question; that she was disliked by her "daughter in law” & due to some spectrum of circumstances led her to "Apna Ghar".

It created a depressive state in my mind for 2-3 days and images of utter pallor face were dribbling in my mind.

It was very clear to all who visited apna ghar that all the inmates were there, not for the love of being away from home and independent but, because there was no better alternative left for them, once they are neglected in their homes by their own children.

I wish to keep up this spirit by making frequent visit to such places. It has left a lasting impression on my mind.

This was one of the happiest moment in my life because I believe the best way to cheer myself is to cheer someone else.

And in last the one thing which I learnt was:

“Nobody can be degraded except by his own actions.”

– Antra Ramchandani, BCA Part I

## Be Yourself

Often we want to be somewhere other than where we are or to be someone other than who we are, we tend to compare ourself constantly with others & wonder why we are not as rich, as intelligent, as simple, as generous or as saintly as they are.

Such comparison makes us guilt ridden, ashamed and jealous. It is very important to realize that our worth is hidden in what we are and who we are unique human beings. Every one of us is special as we have our own talents, though hidden. We have our flaws too, but that hardly matters because after all we are all humans & we tend to make mistakes. We will never find our vocation by trying to figure out whether we are better or worse than other.

We are good enough to do what we are made to do, so be yourself

– Mansi Jain, B.Sc. (IT): Part-2

*"Successful people understand the value of time. Once they commit to doing something, they would never cancel."*

## Know Your Teacher : Ma'm Usha Ben

**Q.** Tell us a bit about yourself

**A.** I am Usha Ben, born & brought up in Ahemdabad. I have studied BSc (science), MSc (Zoology), M.B.A (H.R), P.G.D.L.L(topper in Raj.) NET. My hobby is reading. I have been working as a lecturer. I am interested in learning new things. I believe in hard work as a key to success.

**Q.** Why did you opt to become a teacher?

**A.** Well I am from science background & have MBA degree. I wanted to pursue PhD but suddenly I guess life had different plans for me & I ended up being a teacher. It feels great. Teaching students & dealing with them feels good as in no other job I can deal with anyone so innocent as them. What makes me feel better is that they trust me. I feel great about the fact that I am playing a significant role in building their future & it enriches me with the sense of responsibility. I became a teacher because I wanted to learn more.

**Q.** In your opinion what is the biggest challenge teacher face today?

**A.** The biggest challenge is classroom management. To me the biggest challenge is keeping the students of today engaged in the class & at the same time teaching content relevant to them.

**Q.** Message for student?

**A.** You have bags of personality & masses of talent & we look forward to hearing, in years to come, your adventure & achievement as you make your way to life. "Always have a dream".

**Q.** Your opinion about present generation kids?

**A.** The present generation is more conscious & responsible as compared to the past generation. There has been great difference between the past & present generation who are more informed. Also present generation is more broad minded because they have more exposure & freedom. To choose they have new Ideas, & the world needs a generation who can make the world a better place through their Ideas & creativity.

**Q.** Who motivates U at work?

**A.** I have always been motivated by the desire to do a good job at whatever position I am in. I want to excel & to be

successful in my job both for my own personal satisfaction & for my employer.

**Q.** Who has influenced you most in life?

**A.** The person that influenced my life is my mother because she is the one that gets to know me best. She always stands by my side & whenever I fall down, she encourages me to stand up by myself. I admire her as a great person. She has influenced my life by teaching the lesson of life & showing me the right behavior & wrong behavior.

**Q.** What might be surprising to know about you?

**A.** In class, I do psychological study about the behavior of students. I found student can engage in problematic behavior because of...

1. Health problem.
2. Family.
3. Background.
4. Adjustment.

I try to remove their problems by counseling.

Interviewed by : **Antra Ramchandani, BCA Part I**

## 18 Best Rules of Successful Life

1. Pursue achievable goals.
2. Keep genuine smile.
3. Share with others.
4. Always help neighbors.
5. Maintain a youthful spirit.
6. Get along with the rich, the poor, the beautiful, and the ugly.
7. Keep cool under pressure.
8. Lighten the atmosphere with humor.
9. Forgive the annoyance of others.
10. Have a few Pals.
11. Co-operate and reap greater rewards.
12. Treasure every moment with your love ones.
13. Have high confidence in yourself
14. Respect the disadvantaged.
15. Indulge yourself occasionally
16. Surf the net at leisure.
17. Take calculated risk
18. Understand "Money Isn't Everything"

– **Rakesh Choudhary, BSc IT**

## Social Networking Sites Boon or Curse

The purpose of social networking websites is to connect people socially all around the world.

In today's world every person needs to be connected with their friends, relatives but as everybody is busy, many people don't have enough time to stay in touch with their friends or relatives. So social networks are helping or providing people such a platform where people can keep in touch with their friends and relatives.

Facebook, Pinterest, Twitter, google+ are few examples of such sites.

Social Networking sites also provide great features like 'Advertisements', 'Sharing', 'Employment' etc. There are many social networking sites which help in providing jobs like LinkedIn. This site is purely dedicated to professionals. Other major advantage is that we get to know about new happenings in the world.

But today, some people are misusing these social networking sites. On social networking, websites people are getting involved in anti-social activities. Sometimes people convey anti-social messages & images through social networking sites. Specially children who are under 18 years of age make their fake ids and spend most of their productive time on these sites.

These websites expose certain offensive & vulgar content which leaves negative impact on immature minds, and they develop wrong notion about life, people, and place and in future they start behaving with such meaningless assumptions.

People can make a good use of social networking sites for them as well as for the society and country. So people should use social networking sites in a limit and a good manner as well so it can be proved as 'BOON' not a 'CURSE'.

– **Sagar Soni, BCA Part II**

*Your time is limited; don't waste it living someone else's life.*

– Steve Jobs

## THE DOLL MAKER

Once there lived an old doll maker. He spent his long life creating dolls of all kind-making the little angels' world happy.

He kept on making some changes in making dolls keeping the trends of world in mind. Some said mama, some cried, some stood up by themselves, even the one who winked at you. As the doll maker was kind and wise this time he decided to make it more attractive and with a special resolve in his heart he made his most beautiful creation. The doll having curly brown hair, long tresses, gave her the bluest of blue eyes, into which one can feel promises of eternity and faze forever. This doll was given long legs with which she could dance; run and play occasionally even walk a second mile. Her fingers were long and slender just like most beautiful robot that serves and comfort the angels around her. The most attractive part of her was her shimmery gown and on the day she was completed, the old man lifted her up with great care and set her gently in front of the large mirror. And asked about her thought of being the most beautiful doll in world.

The doll looked through her long lashes and suddenly her pretty face clouded up and stormed over.

"Oh doll maker, I hate brown hair and I've always longed for green eyes. These are not the colours I'd chosen for myself. How unfashionable I'm with these long legs and large feet. Even the gown is too much ordinary. I am not beautiful at all."

We have all been created with the most beautiful qualities. Don't look into life's mirror and wish you were something you are not. May we learn to thank the great Doll maker our God who has created us, for what we have been given/provided with.

– **EKTA, B.Sc. (IT) Part-III**

## Destruction of a Teenage life

Teenage is third stage of life out of “seven ages of a man”, the most sensitive, active, constructive, and destructive part of a life. It creates or destroys life within seconds.

Hangouts, parties, relationship, crush, love, studies, respect, fights, attitude are the faces of the teenage life and a teenager has all these faces.

Every teenager likes to have hangouts, parties, bunking classes with friends as they are full of energy, passion and affection and even needs, love and a relationship. Sometime he/she finds love or a broken heart. This brings out fun, enjoyment and even destructiveness in the mind of a teenager. As rightly said “Every coin has 2 faces”, in a teenager's life everyone wants to win, get famous and if these desires are fulfilled they become happy and if not, then they become sad. In this condition they might lose their self-confidence. Lack of self-confidence and self-esteem will bring jealousy, dis-heartedness, sadness, thought of revenge among the teenagers and in this situation teenager takes wrong decisions. When he/she is not able to win the competition, it brings out anger, jealousy and revenge which leads to taking of wrong decision like destroying and taking revenge with the winner which will offcourse not benefit him but surely destroy his own life.

Revenge & jealousy are the two roads of life, which should not be taken at any cost.

So all my teenage friends, it is a request that every moment of life should be calm and quiet and decision should be taken carefully. If care is not taken then they can destroy our life and not only our but the life of people related to us are also destroyed.

*“Every second has a different meaning,  
And every meaning has a different face.”*

– Nitin Chandwani, BCA Part I

**The key to succeeding** in any endeavor is to first win over you. How we perceive our obstacles depends on our inner self state. We must win over cowardice, over the tendency to give up, over laziness. When we triumph over our own limitation, we will make great strides in our lives and shine with the brilliant light of victory.

– Neha Motwani, BBA Part I

## PURE VIEW TECHNOLOGY

Pure view technology is digital imaging technology developed by NOKIA. It includes multiple imaging techniques to improve final result, like OIS (Optical Image Stabilization), Pixel Oversampling, BSI Sensors (Back Side Illumination), large aperture lenses and much more.

Pureview devices have large resolution lenses which helps in pixel oversampling. There are three pureview devices till now Nokia808 Pureview, Nokia Lumia 920 and Nokia LUMIA 1020. Upcoming device which is not official yet is Nokia 1520.

Three devices with equipixel oversampling are 808, LUMIA 1020 and LUMIA 1520 with 41MP, 41MP and 20 MP. We will take an example of pixel oversampling on a 41MP lens.

Pixel oversampling is applied on lower resolution images and standard resolution is 5 MP, So on a 41 MP lens (38 MP usable in 4:3 and 34 MP in 16:9), it results in a nearly pixel photos with a lot of fine detail and less noise.

OIS is achieved with a floating lens which compensates for the hand movements which could result in blurry shots; with the help of OIS you can produce shake free videos and stills.

BSI sensor helps in improving low light shots, with lesser noise and more usable detail.

Large aperture lenses capture more light which results in very detailed and grain free shots with less noise.

LUMIA 1020 offers manual focus and slow shutter speeds which can be very useful at times when autofocus is not up to the job.

Larger resolution lenses also allow lossless zoom up to an extent in both video and stills.

– Rajat Pandit, BCA Part II

*"Poor people have big TV. Rich people have big library."*

## लक्ष्य

लक्ष्य यानि aim या हम कह सकते है कि मैं क्या करना चाहता हूँ ? लक्ष्य की जिन्दगी में बहुत ही अहम् भूमिका होती है। लक्ष्य जीवन का आधार होता है। बिना लक्ष्य के जिन्दगी उस तिनके के समान होती है जो हवा में उड़ान भी दूसरों के बल पर भरता है और नीचे भी दूसरों के बल पर आता है उसका कोई लक्ष्य नहीं होता। जिन्दगी में कोई लक्ष्य तय करने से पहले सबसे ज्यादा जरूरी है अपने आप को पहचानना कि मैं क्या करना चाहता हूँ और मैं उसके लिये क्या कर सकता हूँ। लक्ष्य तय करने के बाद सबसे ज्यादा जरूरी है उस लक्ष्य की ओर आगे बढ़ने के लिये हमारी कोशिश, क्योंकि जब तक लक्ष्य को पाने के लिये हम जीतोड़ कोशिश नहीं करेंगे तब तक हम अपने लक्ष्य को प्राप्त नहीं कर सकेंगे, वो सिर्फ एक कल्पना बनकर रह जायेगा। हमारी जिन्दगी में कई लक्ष्य बनते हैं पर हम लक्ष्यों को इसलिये पूरा प्राप्त नहीं कर पाते हैं क्योंकि हम अक्सर उनके कठिन पहलुओं पर ज्यादा ध्यान देते हैं और उनसे घबराकर अपना लक्ष्य ही बदल लेते हैं, इसका सबसे अच्छा उदाहरण मैं खुद हूँ। मेरी जिन्दगी में कोई निश्चित लक्ष्य नहीं रहा है। मैंने 11वीं कक्षा में ही दो संकाय बदले हैं। पहले विज्ञान व गणित और फिर वाणिज्य संकाय। पहला लक्ष्य इंजीनियरिंग था पर विज्ञान और गणित थोड़ा कठिन लगा तो वाणिज्य ले लिया। अब एक नया लक्ष्य सी.ए. , सी.एस. का लक्ष्य भी तब बदल लिया जब लोगों से यह सुना कि इसमें पढ़ाई बहुत कठिन है, बहुत पढ़ाई करनी पड़ती है और कई परेशानियों का सामना करना पड़ता है ...। फिर एक नया लक्ष्य बनाया जो कि बी.कॉम. या बी.बी.ए. था पर बी.बी.ए. के बारे में दूसरों से काफी बड़ी-बड़ी बातें मुश्किलों भरा कोर्स होने का सुनकर अन्त में बी.कॉम. में प्रवेश ले लिया पर बी.कॉम. द्वितीय वर्ष आते आते एक नया लक्ष्य होटल मैनेजमेंट बन गया और बी.कॉम. द्वितीय वर्ष मध्य में ही छोड़कर होटल मैनेजमेंट में प्रवेशिका परीक्षा की तैयारी करने लग गया। इस बार इरादा पहले से थोड़ा मजबूत बनाया था। परीक्षा उत्तीर्ण की तो गर्वन्मेन्ट इन्सटीट्यूट ऑफ होटल मैनेजमेंट, भोपाल कॉलेज मिल गया। पर प्रवेश से पहले ही फिर किन्ही कारणों से आखिरकार यह भी छोड़ दिया और अंत में सोचने और परिवार और मित्रों की राय लेने के पश्चात् बी.सी.ए. में प्रवेश ले लिया। जो अभी तक चल रहा है और अभी पक्का इरादा है कि बी.सी.ए. तो पूरा करना है क्योंकि मेरे मित्र जो मेरे साथ विद्यालय में थे वे स्नात्कोत्तर में अध्ययन कर रहे हैं और मैं अभी द्वितीय वर्ष में ही हूँ। क्योंकि उनका अपना खुद का लक्ष्य था पर मैंने कभी अपना कोई एक लक्ष्य नहीं रखा। वो भी इसलिये क्योंकि कभी यह निश्चित ही नहीं कर पाया कि मैं क्या करना चाहता हूँ और क्या कर रहा हूँ। हमेशा हम अपना लक्ष्य दूसरों को देखकर तय करते हैं पर हम यह भूल जाते हैं कि जिन्दगी हमारी है तो फैसला भी तो हम ही करेंगे कि हमें क्या करना चाहिये और हम क्या करना चाहते हैं। हम जैसा सोचेंगे जैसा जीवन का लक्ष्य बनायेंगे हमारा जीवन ठीक वैसा ही बन जायेगा।

– कुलदीप सिंह, BCA Part - II

## जीवन का सच

वाह प्रभु तेरी लीला  
बचपन में लड़ते थे ...  
माँ मेरी है, माँ मेरी है  
बड़े हो कर लड़ते हैं ...  
माँ तेरी है, माँ तेरी है !!!

एक पत्थर सिर्फ एक बार  
मंदिर में जाता है, और भगवान बन जाता है  
हम इंसान हर रोज मंदिर में जाते हैं  
फिर भी पत्थर ही रहते हैं।

मेरी औकात से बढ़कर मुझे  
कुछ न देना मेरे मालिक  
क्योंकि जरूरत से  
ज्यादा रोशनी भी  
इंसान को अंधा  
बना देती है।  
– मिनाली राजावत, बी.बी.ए. प्रथम वर्ष

## माँ !!

मैंने पूछा : क्या भाव है रिश्तों का ?  
दुकानदार बोला : कौनसा चाहिए ?  
बेटा या बाप ?  
बहिन या भाई ?  
इंसानियत का दूँ या प्यार का ?  
दोस्ती का या विश्वास का ?  
बाबू जी, क्या चाहिए बोलो तो सही सब चीज बिकाऊ है यहाँ।  
आप चुपचाप क्यों खड़े हो, मुँह खोलो तो सही।  
मैंने उनसे पूछा “माँ के रिश्ते का क्या भाव है ?  
तो दुकानदार तुरन्त नम आंखों से बोला संसार इसी पर ही तो टिका हुआ है बाबू माफ करना ये रिश्ता बिकाऊ नहीं है इसका कोई मोल नहीं लगा पायेगा।  
ये रिश्ता भी बिक गया तो ये संसार भी उजड़ जायेगा।

श्रीराम टेलर, बी.सी.ए. प्रथम वर्ष

*"We are what we pretend to be, so we must be careful about what we pretend to be."*

## Parents

Parents are transparent as water  
Burning with the fire of love  
They dare to take care of our needs  
They strive to make our future drive.  
This relationship is as deep as the trench  
Which no one can drown  
When we think of their role in our lives  
Our eyes blink with wonder in fondness  
God has gifted us this precious pearl  
To cherish its beauty and richness with care.  
Our dear parents for we saw God in you  
With gratitude we bow our heads.  
For you lead us  
Behind every deed  
My dear parents  
Your compassion is my passion

Millicent Alphonse, B.Sc. (IT) Part – 1

## Modern College

College life is full of joy,  
It is said by a modern boy,  
He is always standing near a cinema gate,  
And going to college always late,  
Pass marks for him are difficult to get,  
But about success he is ready to bet,  
He comes to college to get pleasure,  
He enjoys his time in full measure,  
Doesn't care for rules of the college,  
And is often lacking knowledge,  
In his resolve he is fast,  
But seeing the result,  
He WEEPS AT LAST....

– Diksha Sharma, MCA Sem I

## My encounter with BCA III

I start my day entering in the class of Mickey Mouse & Donald Ducks. Sweet faces of Apurv, Archit, Ateet, Akshay, Ashish, Kapil, Akash, Zaheer, Kamal, Madhur, Shubham, Vikas..... list goes on. All Mickey Mouse & suddenly the other day I meet Jerry in my class. They portray me as Tom in the class & as usual Jerry always tears the Tom & inspired of all tricks & plans. Tom surrenders before the Jerry.  
And now a word about my Donald Ducks, Priyadarshini, Richa, Sonam, Jaya, Divya.... They can talk & talk & talk. Suddenly the sweet smiles send the message to me, we are sorry for today. Ma'am let the next day begin. And quacks postponed till the next day.  
I will like to share; I adore all my MM, J & DD. I wish them all success in their future. May they continue animating as they have been doing till date... make people laugh & bring smile on their faces. To end “if you want to read more about them can search Google, right students oh oh.... right Sunil”.

– Seema Hawa, Faculty

## A Portrait of My Class

Classmates of mine are all these : some lost and quiet like Manish & Mukesh; some cackle and geese like Ashu and Akash. Few very short like Hiral and Praveen; some thin like Anjali and Jai Tanwani.  
Some are round like a cricket ball. Nitin reaches every pinnacle, first of all, for others he waits not at all, Hiral is shortest of all, and is dainty as a doll. Jaideep Sharma has many shayaris stored, which makes us laugh when we are bored. Shikha Singh has moods of all kind, when teased she often doesn't mind. Sahil Ali is tall as a pole, but he's also smart on the whole. Antra Ramchandani acts as a monitor in time, but she doesn't sing in rhyme. And last of all sincere and hardworking is me, smart & handsome having all the right keys. I am the one with qualities many more, Yes I am Vipin Jhanjhari.

– Vipin Jhanjhari, BCA Part I

## DOCUMENTARY MAKING COMPETITION WINNER :: MOKSH 2

Soniya, Ansh, Divya Jaswani, Monis, Danish and Aayush Rathore of BBA, jointly produced and acted in this documentary. Subject of the documentary –Moksh, was about eve teasing and our behavior towards foreign tourists. Moksh had all the ingredients of a good , meaningful documentary film and the quality was par excellence.

## Aim Setting A Major Aspect of Life

Let me tell you my story; when I was a kid I had a dream of being a pilot because pilot has lots of controls in his hand and that is what I like(technology). But somehow my dream of being a pilot evaporated as the time passed. When I grew up, my interest switched to computers in 2001. I guess, that time I got a chance to play computer games and then I started knowing about computers. In 2005, my father bought computer for our work place and there after I started my experiments on it. This is how my interest generated about computer & technology and then I decided that I will go for the I.T field. Today I am here in this institution of Information Technology and that is where I want to be. And I am 100% happy with my decision, I am enjoying my studies.

Through this story of mine I want to tell all of you that go for the field you are interested in, do what you love to do.

Keep in mind- Learning with interest leads to productive output.

Don't waste your future as well as money if you are at a place not by your choice/ interest but by suggestion or preference of others.

Go get spark to your Talent!!!

– Dheeraj Verma, BCA Part-II

## Things to Keep aware

Know your medicines are original or duplicate...

If you want to know that the drug which you bought from the store is original or duplicate then just follow 3 easy steps  
Behind each medicine there is one nine digit number which is the unique id number. Just message that number to 9901099010. After 10 sec., you will get one response message...

If the medicine is original then you will get the reply with proper batch number and the name of the PHARMA COMPANY ...

Which you can cross check with your strips or any medicine which you bought...

And if the number is not matching then you just have to resend the same message so the complaint is registered for the counterfeit medicine.

– Shikha Soni Jain, Msc.(IT) Previous

## “Why Failure is good for Success”

To achieve the greatest success, you have to embrace the prospects of failure.

The sweetest victory is the one that's most difficult. The one that requires you to reach deep down inside, to fight with everything you've got, to be willing to leave everything out there on the battlefield without knowing, until that do or die moment, if your heroic effort will be enough.

Society doesn't reward defeat, and you won't find many failures documented in history books. The exceptions are those failures that become stepping stones to later success. Such is the case with Thomas Edison, whose most memorable invention was light bulb, which purportedly took in 1,000 tries before he developed a successful prototype. “How did it feel to fail 1,000 times?” a reporter asked. “I didn't fail 1,000 times”, Edison responded. “The light bulb was an invention with 1,000 steps”.

Unlike Edison, many of us avoid the prospect of failure. In fact, we're so focused on not failing that we don't aim for success, setting instead for a life of mediocrity when we do make missteps, we gloss over them, selectively editing out the miscalculations or mistakes in our life's resume.

Always reach your full potential in all aspects of life, To achieve your personal best, to reach unparallel heights, to make the impossible possible, you can't fear failure, you must think big, and you have to push yourself.

– Divya Rathore, BCA Part III

## SUCCESS

S<sup>ee</sup> -> Your goal.  
U<sup>nderstand</sup> -> The obstacles.  
C<sup>reate</sup> -> A positive mental picture.  
C<sup>lear</sup> -> your mind of self doubt.  
E<sup>mbrace</sup> ->the Challenges.  
S<sup>tay</sup> -> on Track.  
S<sup>how</sup> -> the World you can do it.

– Nisha Mary, BCA Part-II

## Homage

We deeply mourn the sad & untimely demise of our dear student Mohit Tiwari,M.Sc.-IT. May his soul rest in peace and god gives enough strength to his bereaved family to bear this loss.

## HOW TO MAKE SOMEONE HAPPY

Making another person happy is one of the noblest acts you can do. Whether you want to banish their blues or simply show them how much you care; use the following tips to make someone happy:

1. **Practice random acts of kindness:** Call, text or email the person just to say that you're thinking about him. Send a hand-written letter, silly cartoon or cute photo to him.
2. **Be emotionally supportive:** Everyone wants to know that they are loved and appreciated. Encourage them to follow their dreams, especially if no one else will. Find a way to tell them how much they mean to you, even if you have to do it casually or inconspicuously.
3. **Be Trustworthy:** By showing that you can be counted everyday. Make honesty a policy. Even white lies can feel like little betrayals. Make sure your actions always reflect your words.
4. **Make them Laugh:** Laughter relieves tension and is wonderfully contagious. Inside jokes work really well, especially if it is something only between the two of you. If you aren't feeling inspired, find something funny online and email it to them.
5. **Be a good listener:** One easy way to make somebody feel appreciated and validated is to simply hear them out. Try to understand their thoughts and be in their shoes. Ask thoughtful questions, don't interrupt, and if you don't understand something, say something instead of playing along.

– Neha Binyani, BCA Part II

## Oh Mom! You are the best Mom

Oh mom ! you are the best mom  
Taking care of me every moment  
Since the day I came to this world

When I was one, I whispered 'MA'  
To bring tears of happiness in your eyes  
That made me feel grateful

When I turned one and a half  
You taught me how to stand on my feet  
Guiding me to walk my first steps

As I turned two to face my first challenge  
For I was afraid of going to school.  
However you were there to drop me  
With your assuring touches and byes

When I turned five, you were there  
To help me in my home work

As I turned twelve, you showed me  
What actually life is about  
Today I am an adult of twenty  
Realize how caring you have ever been  
You have done a lot for me

I am sorry mom, I could not pay back  
The love to you, the way I should have  
I could not give you enough time  
However I love you so much  
You are the best mom in the world  
May all your dreams came true....

– Barkha Mittal, BCA 3

## पंख फैलाकर खुले आकाश में

उड़ना चाहती हूँ मैं,  
कुछाले भरना चाहती हूँ मैं  
पर लड़की हूँ ना,  
नहीं उड़ सकती इस गगन में  
क्योंकि खुलेपन में भी अंधियारा है,  
जिससे भटक जाती है राहें,  
और अधूरी रह जाती है चाहें।  
ये समाज का अजगर,  
ये लड़की होने का डर,  
निगल जाता है, मेरी सभी कामनाएँ  
और रह जाती है, सिर्फ आशाएँ।  
कितने ही स्वप्न  
'सुनहरे भविष्य के देखती हूँ  
रातों में, इन सूनी आँखों में,  
पर धुल जाते है सभी।  
हो जाते नीर-क्षीर,  
बदल जाते हैं आँसुओं में  
हे ईश्वर! बस एक बार दे दो,  
मुझे सचमुच के पर,  
तो उड़ जाऊँ मैं कहीं दूर  
जहाँ नहीं हो ये लड़के-लड़की का अंतर  
जहाँ नहीं निगल पाए मेरी कामनाओं को  
कोई अजगर।  
काश, मैं पूरा कर सकूँ एक ऐसा सफर!  
कभी तो आए मेरी जिंदगी में भी एक ऐसी सहर।

– नेहा चौहान, MSc IT-Final

## मेरा कॉलेज

वो कॉलेज का पहला साल, पहला दिन बड़ा ही खास  
हम सभी में भर गया था, नया-सा जोश नई उल्लास  
हम सब तो यह गए थे भूल, हमने छोड़ दिया स्कूल  
अब कॉलेज की बारी थी, हमें नई मंजिल अब पानी थी।

मस्ती की, हुड़दंग मचाया, और थोड़ा दिमाग लगाया  
अमर सर को याद तो होगा, हमने क्या-क्या खेल रचाया,  
थ्योरी ने हमको पकाया, प्रैक्टिकल ने भी खूब रूलाया  
पर हमारे फैकल्टीज ने, हम सब को बहुत समझाया।

दूसरे साल का हाल गज़ब था, हम वही पर जोश अलग था  
पढाई के संग टूट रहा था नाता, जब देखो तब ध्यान भटक जाता,  
इंटरनेट हमें खूब लुभाता, फेसबुक से जो जुड़ा था नाता  
दोस्तों के संग समय बिताते, फिर क्लास में देर से आते।

त्रिवेन्द्र सर के मस्त कंडीशन, जीत सर का साईमन सेज  
पढाई की ओर फिर से यारों, लेने लगे थे हम इंटरेस्ट,  
कॉलेज के सभी इवेन्ट्स, कॉलेज का हर आर्टिकल  
याद है हमको हर वो पल, हर वो बात बहुत ही खास।

यारों अब है तीसरा साल, अंतिम साल बहुत कमाल  
याद रहेंगे हर वो पल, हर वो लम्हें बेमिसाल,  
हमने की ढेरों मस्ती, और थोड़ा-सा रोया भी  
हमने पाई कई खुशियाँ, पर थोड़ा-सा खोया भी।

मत भूलों उन लम्हों को, जो हमने साथ बिताए हैं  
आज साथ निभालो यारों, कल अपनी विदाई है,  
दिल से कहता हूँ यारों, हम कभी नहीं भूल पाएंगे  
याद रहेंगे वो तीन साल, जो हमने यहाँ बिताए थे।

– अंकित कुमार मिश्रा, BCA 3

## SUBJECT WISE TOPPERS

BCA Part I		Max Marks-50
Subject	Student Name	Marks
Management and Accounting	Beena Rawat	48
PC Software	Vivek Bhagchandani	37
Data Structure & Algorithms	Aayush Yadav	49
Multimedia Basic	Vivek Bhagchandani	48
Fundamentals Of C Programing	Vipin Asnani, Vivek Bhagchandani	31
Computer Fundamental	Sagar Soni, Beena Rawat	45

BCA Part II		Max Marks-50
CS	Ankit Kumar Mishra	48
CST	Vikas Karamwani	44
C++ PROGRAMMING	Ankit Kumar Mishra	45
DBMS	Anjali Jain	41
JAVA PROGRAMMING	Meenu Dagdi	42
CG	Vikas Karamwani	44

BCA Part III		Max Marks-50
ECOMMERCE	Shewta Chougula, Siddhi Sharma, Smriti Agarwal, Surbhi Sharma, Pallavi Parashar	45
CN & MC	Raghav Tak, Priya Gautam, Antu Bhardwaj	43
VB	Pallavi Parashar	38
IT & WD	Surbhi Sharma	45
MIS	Shweta Chougula	38
RDBMS	Lisa Parashar, Surbhi Sharma	44
